## Personal Profile

I'm a loyal hard worker who loves to keep busy. I have worked in many busy settings keeping to time structures and feel confident at what I do. I enjoy interacting with workers and customers to create a good atmosphere about the job in hand. I have developed good teamwork, organisation and coordination skills from my past jobs and courses.

I would now like to utilise the skills I have learnt bringing them to the work environment and to the benefit of the Company I work for. I feel I have a great deal to offer a prospective employer through my creativity, knowledge and willingness to learn new skills and in return gain experience.

### **I am confident and well adept with the programmes below:**

HTML, CSS, Action Script 2.0, Photoshop , Illustrator, Image-Ready CS3, After Effects 7.0, Adobe Premiere, Adobe Encore, Flash, Dreamweaver, MS Office, DVD-Lab Pro.

**I have Experience in these programmes:** Javascript, php, Final Cut, , In-Design, Quantel.

My recent courses have given me the opportunity to understand Branding, Storyboarding, Title and End Credit sequences, programme content, typography and a variety of animation techniques.

Throughout university I have attended a diverse range of workshops including Sound, TV studio operation, rostrum camera control, photography and studio lighting. I have also spent two years learning Black and White Photography.

I have played Rugby Union at a high standard and through this it has allowed me to travel extensively playing competitively in New Zealand.
